- ✓ Remote control for on the spot cleaning
- ✓ Premium Programmable power supply with three cleaning options
- ✓ Pool shape program option for optimum coverage
- ✓ Filter bag full warning
- ✓ Delay run feature
- ✓ Convenient Caddy for mobility and storage

RPX Premium Robotic Cleaner

Environmentally friendly, the Astralpool RPX Robotic Cleaner cleans and scrubs almost any size and shape residential pool. Utilising the latest pool mapping and positioning technology (Gyro) and combined with the unique aquasmart software, the Astralpool RPX robot cleans the average size swimming pool in as little as 1.5 hours and costs as little as 8 cents to run. The twin motor and remote control features allow the RPX Robotic Cleaner to clean any width pool and is the best choice for Lap Pools. With a fully programmable premium power supply you can select the cleaning cycle and pool shape best suited to your pool, With a delay function to allow the unit to come on only when cleaning is required and with a built in sensor the unit can even tell you when the bag needs emptying. Supplied with a Caddy to allow for easy movement and storage the RPX Premium Robotic Cleaner covers all bases.

Cleaning wall and floor, the in-built filtration bag captures fine debris down to 2 microns and helps reduce the load on your filtration system. This in turn reduces the need for constant backwashing saving you both time and money, not to mention the benefits of helping reducing water waste.

The RPX Robotic Cleaner also helps circulate pool chemicals consistently around the pool ensuring the available chemicals are utilised most effectively and can also help circulate heated pool water throughout the entire pool making the heating of your pool more efficient.

Robotic pool cleaners offer most benefit when operated at night after the days swimming and filtration activity has ceased. Simply drop the cleaner in before you go to bed and the cleaner will run its cycle, turn itself off and await the next cleaning cycle.

The RPX Robotic Cleaner has a delay start function allowing you to pre determine when the unit operates. It can also be attached to an external timer if required.

The Astralpool RPX Robotic cleaner is just one of six new Robotic cleaners available, one of which will most definitely suit your swimming pool.

| Model | Cycle Time | Wall Cleaner | Recommended Pool Size | Min. pool width at floor | Cable Length | Filter bag porosity | Suction Rate | Motor Unit Voltage | Power Supply Rating |
